IMPORTANT NOTE TO APPLICANTS. PLEASE READ BEFORE PROCEEDING FURTHER.

Welcome to the 2023-2024 Scholarship Application Cycle. The Oklahoma City Community Foundation (OCCF) awards over \$3.3M in scholarship awards each year!

- The application process is completed entirely online and you can return as often as needed until the application deadline.
- As you complete the general application, you will be asked potentially sensitive questions. The information gathered is used to determine opportunities you may qualify for based on your unique circumstances. The aggregated data is compiled for annual reporting to our stakeholders. Your responses will be kept private and secure and will only be accessed by our internal department. The information will not be used for a discriminatory purpose. We strive to be intentional, inclusive, and equitable.
- Once you create an account, you will be asked to complete the "general application" that will help determine which of the 185+ scholarships you may be eligible for. As soon as you submit the general application, you will be presented with a list of individual opportunities that you are eligible to apply for based on your responses.
- The general application is just a starting point; each scholarship has specific criteria that you must review to determine if you are a match. As with the application, we encourage you to answer each question, including those that may not be required but are relevant to your situation. If a question isn't required and isn't relevant to your situation, you don't need to answer it. The more questions you answer, the greater your eligibility for scholarships!
